VETERAN ID CARD

The Delaware Division of Motor Vehicles issues Veteran Identification cards. This card is available to any Delaware veteran that served in the U.S. military and was honorably discharged. The cards are free of charge. To obtain the card, veterans must have a valid Delaware driver license or ID card and provide proof of military service, by presenting any of the following original documents:

- Military ID
- Deployment Orders
- DD-214
- Honorable Discharge Certificate

The veteran ID cards are designed to verify an individual as a veteran in the State of Delaware, so that businesses can opt to recognize the contributions of those veterans who have faithfully served our country and represented our great state. Please visit your local DMV office to apply.

VETERANS WITH A DISABILITY

COMBINING DISABLED VETERAN PLATE WITH ANOTHER SPECIAL PLATE

A special license plate is available to those veterans who are eligible for both the Disabled American Veteran designation and the universally-recognized symbol for those requiring special parking accommodations. This benefit allows the veteran to park in a disabled parking space without having to go through a separate application process. Please see the special license plates section in this brochure on how to order.

REGISTRATION AND INSPECTION OF MOTOR VEHICLES FOR VETERANS WITH A DISABILITY

A motor vehicle owned by a veteran with a disability, who is eligible for 'adaptive equipment' benefits (which includes, but is not limited to power steering, power brakes, power window lifts, power seats, and special equipment necessary to assist the eligible person into and out of the automobile or other conveyance) shall be exempt from the payment of registration fees (limited to one automobile per eligible veteran at any one time). The Division of Motor Vehicles will need documentation from the Veterans' Administration Office indicating the veteran or service person qualifies in accordance with 27 Del.C. § 2164.
