Please complete the above application and return it to a DMV location. For the location nearest you, visit [dmv.de.gov](http://dmv.de.gov).

Proceeds from the Suicide Prevention License Plate benefit the American Foundation for Suicide Prevention to support its mission. An initial fee of \$50 will be charged for this specialty plate.

The Suicide Prevention License Plate may be displayed on a private passenger vehicle, truck or trailer with a manufacturer's gross weight vehicle rating (GVWR) of 26,000 pounds or less, except for IRP apportioned vehicles. The regular plate number or vanity plate assigned to your vehicle will be displayed on this plate.

DMV will mail your plate directly to your mailing address. Please allow 6-8 weeks for delivery.

If your tag number is on the specialty plate and you wish to retain the tag number, you must appear at the DMV with your title to place the plate in retention for \$35 prior to the sale. When a vehicle is sold (transferred), the buyer will need to submit a new application with applicable fees to display the specialty plate from the previous owner.

Specialty tags with a vanity are non-transferrable.
